

Bicycle rental

Preparation guide | EN

Independent riding in Góis or equipment for events.

Practical information

Service: Bicycle hire, separate from guided mountain-bike rides.

Format: Quantity, hire period and logistics are set in the proposal.

The experience

The described bikes suit mountain biking, paved roads, dirt roads and paths. Local collection for independent exploration is distinct from supplying bicycles to companies and events.

Programme and options

The proposal is tailored to the number of bikes, rental period and location. Explore independently: the rental does not include a guided route. Transport for events can be quoted separately.

Requirements and preparation

State the bike quantity, period, use and location to arrange rental and return.

Meeting and logistics

Trans Serrano office, Góis; event delivery by proposal.

Preparing your visit

This guide brings together practical information for your hire. Arrange collection, return and any additional equipment with the team. It is not a booking confirmation or a quotation.
